Let's Make a Deal III

Mercury IV

Nozzle IV

SEVERE DANGER, @ Right chute, AVOID!!! SWIMMING HAZARD!!! Foot Entrapment -----SIEVE!!!-----

STOP HERE EDDY #1 JUST ABOVE MERCURY!!! Make sure the Nozzle is clear before proceeding. Large Eddy up to 25 boats, Line of site to Eddy #2

Safety Eddy #2 for lead boat to check spacing. Hold up rest of group in Eddy #1 if needed. Line of site to Eddy's #1 & #3

Good Safety Eddy #3 up to 12 boats. Line of site to Eddy #2,4,5.

Great Safety Eddy #4 up to 5 boats River left after Nozzle

Good Safety Eddy #5 behind Nozzle River Right. DO NOT RUN RIGHT SLOT!!! Up to 2 boats. Line of site to eddy #3

NORTH

Attention Green River Boaters!!! Please coordinate your spacing between groups as needed with the group behind you. Several eddy's present an easy way to proceed without creating a dangerous stack of boats at the Nozzle. Any groups with issues at the Nozzle should set upstream safety in Eddy #3/4 to signal the next group to holdup in eddy's #1 and #2. Thankyou for your cooperation, the GRCU team
